The breeze passed through the com fields. It illustrates how art, nationalism, and politics have been at the center of ideas about Africa and its relationship to colonialism and modernity from the nineteenth century to current times. Owls then regurgitate pellets full of indigestible elements of their meal like animal bones and fur. This volumes engages with the 'Global izing International Relations' debate, which is marked by the emerging tensions between the steadily increasing diversity and persisting dividing lines in today's International Relations IR scholarship.
